## **MANUFACTURING RESOURCE PARTNERS, LLC JOINS MICROSOFT DYNAMICS GP USER GROUP**

**September 22, 2011-- Reno, NV**—Manufacturing Resource Partners announced today that it has joined the Dynamics GP User Group (GPUG) as a Premier Partner Member.

GPUG is an independent group of Microsoft Dynamics GP users, partners, and industry experts, recognized by Microsoft as the official user group for Dynamics GP. Manufacturing Resource Partners participation in GPUG demonstrates their commitment to the Microsoft Dynamics GP community and gives them new avenues to share their expertise.

“Manufacturing Resource Partners is very excited to be a part of this premier partner community for Dynamics GP users,” said Dan Abernathy, Managing Director of Manufacturing Resource Partners. “The educational opportunities available with this group and the interaction with customers give us the opportunity to give back to a great user community.”

“Our Premier Partner members are an integral part of the GPUG community. They bring innovative solutions, strategies and expertise to the group that is of immense value to our members,” said Kim Peterson, GPUG Director. “GPUG will work hand in hand with Manufacturing Resource Partners in growing the community by offering their customers many useful benefits as well. We’re happy to welcome Manufacturing Resource Partners and we look forward to their participation in and contributions to GPUG.”

### **ABOUT MANUFACTURING RESOURCE PARTNERS**

Manufacturing Resource Partners is a Microsoft partner that specializes in implementing the Dynamics GP ERP solution in manufacturing and service companies. MRP can help you with their industry leading software solutions and APICS certified manufacturing specialists. Since 1994, they have been assisting small and mid-sized companies to automate and integrate key areas of business, including all areas of manufacturing, operations, field service, and accounting.

### **ABOUT GPUG**

The Dynamics GP User Group (GPUG) is a user-driven, independent organization powered by Dynamic Communities, Inc. GPUG’s leaders strive to help individuals and company members maximize the value they receive from Microsoft Dynamics GP. Members learn, network, and share expertise through a number of educational events, webinars, training courses, virtual collaborative meetings, regional networking opportunities and a vibrant online community.
